Pathology of the Lower Genital Tract

LISBON

10th EFC Congress

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million (1990–1999) and the number of people in the public sector has increased by 2.5 million (1990–1999) (Department of Health 2000).

There is a growing emphasis on the need to improve the quality of care in the public sector. The Department of Health (2000) has set out a number of key objectives for the public sector, including: 'to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care'.

The Department of Health (2000) has also set out a number of key objectives for the public sector, including: 'to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care'.

The Department of Health (2000) has also set out a number of key objectives for the public sector, including: 'to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care'.

The Department of Health (2000) has also set out a number of key objectives for the public sector, including: 'to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care, to ensure that the public sector is able to provide a high quality of care'.

We can do it!

Why Lisbon?

... Easily accessible

By air - Most european airlines fly regularly to Lisbon

By train – modern railway infrastructures & connections with Europe.

By boat - Maritime ports – Cruise Terminal

By car - excellent and modern road network.

A few hours from the
main European cities

The closest European capital to
North and South America

LISBON - Portugal

... Superb weather

With mild winters, hot summers tempered by Atlantic breezes and warm and sunny shoulder seasons, is a perfect year-round location for business and pleasure.

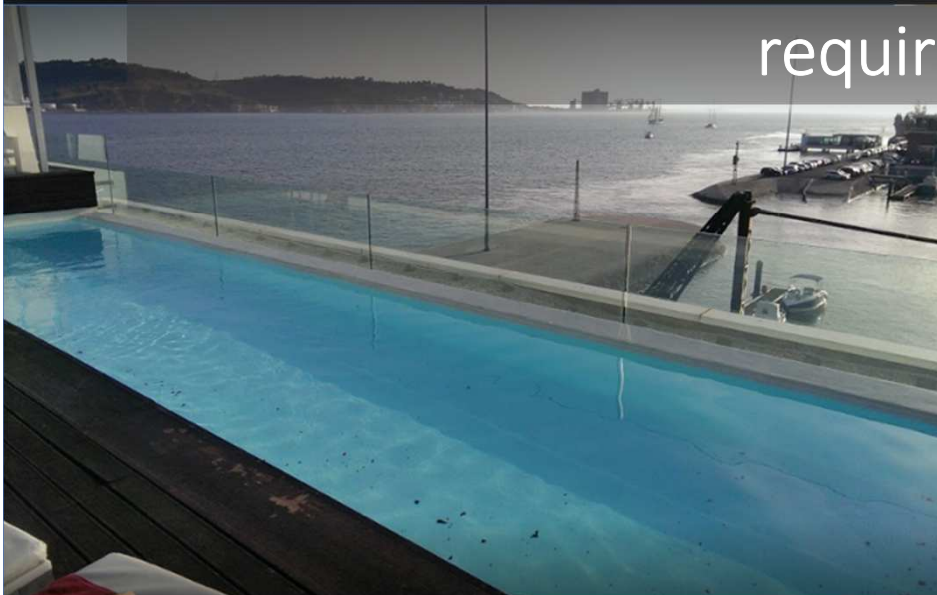

Average Summer temperature = 26°C

... Quality accommodation

More than
105 hotels and 15 116 rooms

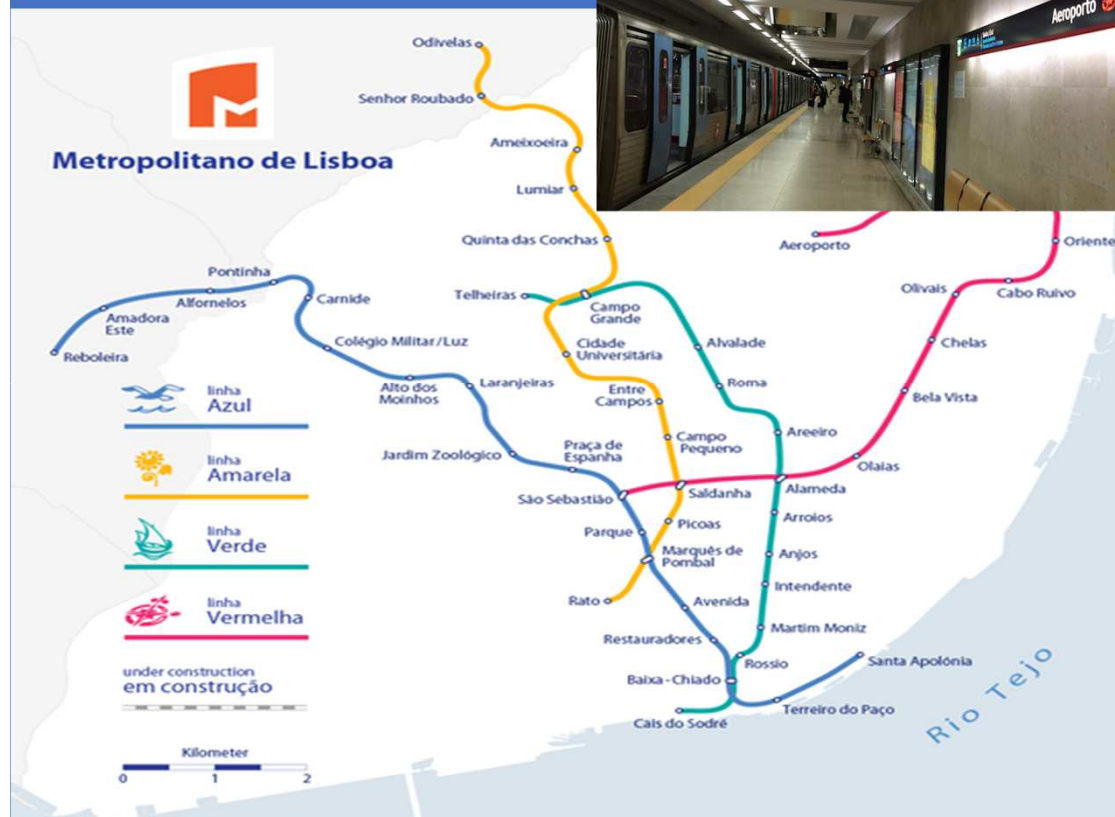

Several top tier hotels which fulfil the highest requirements.

... Value for money

Portugal is one of the most inexpensive countries in Western Europe, ensuring budgets covering every aspect of your event, from hotel accommodation and conference room hire to food and drink, will stretch a long way, without compromising quality. For participants local cost is also affordable.

... a city with heritage

An ancient city
