- 14.00 Registration
14.30 Opening lecture
M. Barbero

SCREENING – GUIDELINES- QUALITI CONTROL - COLPOSCOPY

First Session

Chairs: *C. Benedetto, D. Dealberti*

- 15.00 National Guidelines: what will change in the screening program?
P. Giorgi Rossi
- 15.20 European Guidelines, Where we are, the Importance of Consensus and Linkage QIs
M. Cruickshank (President of EFC)
- 15.40 The first level screening – quality control and how to improve compliance
P. Garutti
- 16.00 Screening of vaccinate patients
R. De Vincenzo
- 16.20 Discussion
A. Perino

Second Session

Chairs: *A. Puppo, L. Marozio*

- 16.40 Current role of colposcopy in the diagnosis, therapy and follow up
M. Preti
- 17.00 Quality control in colposcopy
C. Carriero
- 17.20 The colposcopy of low grade lesions
M. Origoni
- 17.40 Improving selection of new technologies in colposcopy
P. Nieminen (Past President of EFC)
- 18.00 Discussion
V. Rabino

Practical activity in small groups with tutor

6.30pm – 8.00 pm

Colposcopy and vulvovaginal disease

- Through images: pictures, terminology, biopsy and management of particular clinical cases
- Management of instruments: session for nurses and midwives

Tutors: A. Baldoni, C. Carriero, M. Conese

Diagnostic hysteroscopy and gynaecological endoscopy in Day Surgery

- Direct approach to tools and tests on simulators: didactical movies
- Management of instruments: session for nurses and midwives

Tutors: C. Carriero, M. Barbero, M. Regazzetti

Radiofrequency surgery - "see and treat"

- Direct approach to tools and tests on simulators: didactical movies
- Management of instruments: session for nurses and midwives

Tutors: A. Amadori, M. Barbero, M. Conese

Friday, November 11th 2022

THE TREATMENT OF HPV-RELATED LESIONS – ROLE OF VACCINES

First Session

Chairs: *S. Danese, F. Tuo*

- | | |
|-------|---|
| 09.00 | Low grade lesions: why and when to treat them?
<i>M. Capodanno</i> |
| 09.20 | High grade lesions: how to treat?
<i>M. Barbero</i> |
| 09.40 | Glandular lesions: fertility sparing approaches
<i>A. Ciavattini</i> |
| 10.00 | Management of lesions during pregnancy
<i>J. Di Giuseppe</i> |
| 10.20 | Triage of HPV-positive patients |

C. Bergeron

10.40 HPV vaccine for treated patients

A. Ghelardi

11.00 Fertility Sparing techniques in micro-invasive carcinoma of the cervix

G. Scambia

11.20 Discussion

C. Gentili

11.40 *Coffee Break*

Second session

Chairs: *P. Cattani, C. Desantis*

12.00 Criteria for the treatment of VAIN

F. Sopracordevole

12.20 Management of VIN in the young and elderly

E. Preti

12.40 Treatment of penile lesions

C. Zanardi

13.00 Management of anal lesions

C. Liverani

13.20 Discussion

A. Lukic

14.00 Lunch

VULVAR AND ENDOMETRIAL PATHOLOGY

Chairs: *C.M Stigliano, A. Buda*

15.00 Lichen sclerosus: from dermatosis to cancer precursor – long term follow up

L. Micheletti

15.20 The treatment of Lichen Sclerosus: from clinical evidence to experimental protocols

R. Rossi

15.40 The “ Vulvar discomfort”: diagnostic and therapeutic approach

F. Murina

16.00 Ulcerative lesions of the vulva

B. Gardella

16.20 From atipica endometrial hyperplasia to endometrial cancer

L. Giannella

16.40 Fertility Sparing techniques in endometrial cancer

N. Biglia

17.00 Discussion

S. Votano

17.30 Coffee Break

Practical acivity in small groups with tutor

6.00pm – 8.00 pm

Colposcopy and vulvovaginal disease

- Through images: pictures, terminology, biopsy and management of particular clinical cases
- Management of instruments: session for nurses and midwives

Tutor: M. Sansone, R. Senatori, N. Miletto, M. Conese

Diagnostic hysteroscopy and gynaecological endoscopy in Day Surgery

- Direct approach to tools and tests on simulators: didactical movies
- Management of instruments: session for nurses and midwives

Tutor: F. Bocci, M. Cannì, A. Antoniuk, R. Gotadoro, R. Pirastu

Radiofrequency surgery - "see and treat"

- Direct approach to tools and tests on simulators: didactical movies
- Management of instruments: session for nurses and midwives

Tutor: C. Bocci, S. Galiberti, N. Miletto, M. Conese

9.00 pm Social Dinner

Saturday, November 12th 2022

**RECURRENT VULVOVAGINAL INFECTIONS – VULVOVAGINAL ATROPHY –
MICROBIOTA – DYSPAREUNIA - CONTRACEPTION AND CYCLE DISORDERS**

First session

Chairs: *A. Frega, A. Revelli*

9.00 Dyspareunia: diagnostic and therapeutic approach

M.A Bova

09.20 Treatment of vaginal atrophy: current procedures and new approaches

Round table: *Gustavino, A.L. Pieralli, V. Prestia, A. Villasco*

10.00 Contraceptives and menstrual cycle disorders: clinical management

P. Cristoforoni

10.20 Discussion

P. Inghirami

10.40 Coffee Break

Second Session

Chairs: *E. Feyles, A. Biamonti*

11.00 Vaginal Microbiota and recurrent vulvovaginitis

E.G. Sampugnaro, M. Torella

11.30 Clinical management of Low-SIL/HPV-positive patients: beyond follow up

M. Palomba, M.Barbero

12.30 Discussion

S. Costa

12.40 ECM Survey

13.00 Course Closure

Session of:

Professional accreditation in colposcopy and pathology of lower genital tract provided by the S.I.C.P.C.V.
