PREVENTION CONFERENCE**

“ANOGENITAL NEOPLASIA IN FOCUS”

26th and 27th September 2025. Belgrade, Serbia

In association with
Medical Academy of Serbian Medical Society

The Section of Obstetrics and Gynaecology of the Serbian Medical Society
The European Federation for Colposcopy and Cervical Cancer Prevention (EFC)
The International Society for the Study of Vulvo-Vaginal Disease (ISVVD)
The International Anal Neoplasia Society (IANS)

ANOGENITAL NEOPLASIA IN FOCUS

26 – 27 September, 2025, Belgrade, Serbia

The Serbian Society for Colposcopy and Cervical Pathology is celebrating its 30th anniversary. During this time a number of meetings, lectures and courses have been held, including the IFCPC Colposcopy Course 2004, the European Congress in Colposcopy 2007, as well as the Second ESGO supported Regional Symposium on Cervical Cancer Prevention 2015 and the First EFC approved regional Advanced colposcopy course in 2018.

This meeting is organized together with European Society of Gynaecological Oncology (ESGO) which was following and supporting Serbian society for the last 20 years. Co-organizer is Medical Academy of the Serbian Medical Society, the greatest authority in the medical profession in Serbia.

The main goal of the whole event is to enable gynaecologists who work in the field of prevention to comprehensively review and solve clinical problems in the field entire anogenital system neoplasia.

Faculty will include well known regional and international experts, who will share their knowledge and experience in order to improve prevention and detection of anogenital neoplasia.

We cordially invite you to join this exciting event, which we hope will enrich us all with scientific knowledge, new contacts and warm fellowship.

Prim.dr Nemanja Stojanović
President of Serbian Society for
colposcopy and cervical pathology

Emeritus professor Vesna Kesić
President of the Conference

Educational learning objectives:

- Increasing knowledge and understanding of the pathogenesis of anogenital neoplasia
- Determining the utility of prevention strategies among women at risk for anogenital cancer
- Improving the knowledge and recommended skills for diagnosing and treating cervical neoplasia
- Gaining knowledge on vulvovaginal and anal neoplasia and their management
- Emphasizing the importance of comprehensive management and multidisciplinary approach of clinical problems in anogenital region
- Discussing the practices, challenges and successes in different international communities

Let's work together on improving the quality and introducing the standards of colposcopy in our work.

Faculty:

Arbyn Marc	Unit of Cancer Epidemiology, Belgian Cancer Centre, Sciensano, Brussels, Belgium; ESGO Prevention committee member
Bondžić Vesna	„Ženski centar Milica“, Belgrade, Serbia - president; ENGAGE Serbia
Baptista Vieira Pedro	Lisbon Hospital Lusíadas Porto, Porto, Portugal; Lower Genital Tract Unit, Centro Hospitalar de São João, Porto, Portugal; ISSVD President elect
Bornstein Jacob	Galilee Medical Center and Faculty of Medicine of the Bar Ilan University, Israel, ISSVD Past President
Browning Julie	Consultant Sexual & Reproductive Health, Homerton Anogenital Neoplasia Service, London, United Kingdom; IANS
Butorac Dražan	Department of Obstetrics and Gynecology, Clinical Center „Sestre milosrdnice“, Zagreb, Croatia; President of the Croatian Society for Colposcopy

Stojanović Nemanja	Department of Obstetrics and Gynecology, Medigroup General Hospital, Belgrade, Serbia; president of the Serbian Society for Colposcopy
Toth Icó	Mallow Flower Foundation, mother, and cervical cancer survivor; Past co-chair of ESGO-ENGAGE, ESGO Prevention committee member

ANOGENITAL NEOPLASIA IN FOCUS

26 – 27 September, 2025, Belgrade, Serbia

Živadinović Radomir	Clinic for Obstetrics and Gynecology, Medical Faculty, University of Niš, Serbia Serbian Society for Colposcopy Board member
Žodžika Jana	Department of Obstetrics and gynaecology, Rīga Stradiņš University, Riga, Latvia; EFC Secretary

Program

Friday, 26th September, 2025

0800-0900	Registration	
0900-0910	30 years of Serbian Society for Colposcopy and Cervical Pathology	Nemanja Stojanović President of the Serbian society
Conquering the challenges Chairs: Nemanja Stojanović i Radomir Živadinović		
0910-0930	Cytology in the era of HPV screening	Ermina Ilijazović, BiH
0930-1000	How to manage non-correlating findings? <ul style="list-style-type: none">• Normal colposcopy, abnormal cytology• Abnormal colposcopy, normal cytology• HPV negative women with abnormal cytology• HPV positive women with normal colposcopy	Smrkolj Špela, Slovenia
1000-1020	Are overweight and obesity risk factors for cervical cancer	Jovan Bila, Serbia
Difficulties and mistakes in colposcopy		
1020-1035	<ul style="list-style-type: none">• Glandular lesions• Adolescence• Severe inflammation	Vesna Kesić, Serbia
1035-1050	<ul style="list-style-type: none">• Pregnancy• Post menopause• Previously treated cervix	Milena Perišić-Mitrović, Serbia
1050-1100	Discussion	
1100-1130	Coffee break	
Management of cervical precancer Chairs: Evangelos Paraskevaidis, Dimitrov Goran		
1130-1200	Keynote lecture: Individual care for cervical precancer	Evangelos Paraskevaidis, Greece
1200-1220	Management of Transformation zone type 3	Nemanja Stojanović, Serbia
1220-1240	How to treat cervical intraepithelial lesions – ablation or excision?	Dimitrov Goran, N. Macedonia
1240-1300	Loop excision-principles and pregnancy outcome	Butorac Dražan, Croatia

1300-1400	Debate session (questions for experts) <ul style="list-style-type: none">• Would you treat LSIL?• Should CIN2 be observed?• Biopsy vs. Loop excision• Endocervical curettage- when?• Incomplete excision: what to do• Stenotic cervical os• Loop excision in the 1st trimester of pregnancy• Recurrence after treatment of H-SIL	All speakers with Mario Preti Robert Koiss Marc Arbyn
1400-1500	Lunch	
Latest trends in cervical cancer prevention Chais: Claudia Marchetti, Murat Glutekin		
1500-1510	ESGO Prevention Committee and its impact on prevention	Murat Gultekin, Turkey
1510-1530	The current model of HPV persistency and CIN development	John Doorbar, UK
1530-1550	20 years of HPV vaccination – the way forward	Elmar Joura, Austria
1550-1610	New evidence on the HPV vaccination at the time of treatment of HSIL – results of NOVEL trial	Maria Kyrgiou, UK
1610-1630	New EU guidelines for management of HPV+ women based on CIN3+ risk	Marc Arbyn, Belgium
1630-1700	Coffee break	
1700-1720	Prevention of cervical cancer in Europe – are we in the race?	Vesna Kesić, Serbia
1720-1740	Medical treatment of HPV infection	Murat Gultekin, Turkey
1740-1800	Vaginal microbiota, HPV and cervical disease	Milena Perišić-Mitrović, Serbia
I have HPV. Now what?		
1800-1810	The importance of doctor-patient relationship: video message	Jalid Sehoul, Germany
1810-1900	<ul style="list-style-type: none">• Understanding psychological needs of HPV-positive woman• Counselling HPV positive patients and their partners• Role of awareness events, World gynaecologic Oncology Day campaign	Ico Toth, Hungary Mihaela Grigore, Romania Vesna Bondžić, SR
1900	Closing of the first day program	

Saturday, 27th September, 2025

Management and follow up of cervical HSIL Endorsed by European Federation for Colposcopy – EFC Chairs: Evangelos Paraskevaïdis, Elmar Joura

0900-0920	Challenges of colposcopy in the new era of HPV vaccination	Mihaela Grigore, Romania
0920-0940	Optimal management of high grade cervical squamous lesions	Jana Zodzika, Latvia
0940-1000	Current evidence for conservative management versus treatment of CIN2	Maggie Cruickshank, UK
1000-1020	Treatment and follow-up of women with glandular lesions	Xavier Carcopino, France
1020-1040	Prevention of cervical cancer: Post-treatment follow-up	Robert Koiss, Hungary
1040-1100	Discussion	
1100-1130	Coffee break	

Beyond the cervix: vaginal and vulval disease Endorsed by International Society for the Study of Vulvovaginal Disease – ISSVD Chair: Jacob Bornstein, Vesna Kesić

1130-1150	Terminology of vulvar and vaginal lesions	Jacob Bornstein, Israel
1150-1210	ValN: clinical presentation and management	Pedro Vieira Baptista, Portugal
1210-1230	VIN: clinical presentation and management	Mario Preti, Italy
1230-1330	Differential diagnosis of vulvar lesions – case based learning	Jacob Bornstein PedroVieira Baptista Mario Preti
1330-1430	Lunch	

Anal and perianal HSIL International Anal Neoplasia Society Chair: Tamzin Cuming, Goran Stanojević

1430-1450	Multizonal anogenital neoplasia	Julie Browning, UK
1450-1510	Anal squamous cell carcinoma: a growing problem	Goran Stanojević, Serbia
1510-1530	Screening of AIN/anal cancer	Tamzin Cuming, UK
1530-1550	AIN – a message for gynaecologists	Vesna Kestic, Serbia

ANOGENITAL NEOPLASIA IN FOCUS

26 – 27 September, 2025, Belgrade, Serbia

1550-1600	HRA – video presentation	Jelena Petrović-Šunderić, Serbia
1600-1630	Discussion The importance of multidisciplinary teamwork	
1630	Closing of the conference	

Venue:

Sava center Belgrade, International congress, cultural & business center
Milentija Popovića 9,
Belgrade, Serbia

Registration fee:

	Early bird 31 st July 2025	Late Registration 10 th September 2025
Residents	200 Eur	200 Eur
Serbian Society for Colposcopy members	250 Eur	300 Eur
ESGO Prevention committee members	250 Eur	300 Eur
Other participants	300 Eur	350 Eur

Registration fee provides:

- participation
- educational materials
- lunches and coffee breaks
- certificate

The accreditation of the conference is in the process.

Official language: English.
